

The San Francisco Consortium

Policy:

A regularly-enrolled, full-time, matriculated student of a San Francisco Consortium institution may register for credit in courses offered by other member institutions with the consent of his/her faculty advisor and the host institution instructor, space available. This policy applies only to the regular sessions of the academic year, and specifically excludes summer session, intersession, extension, and similar programs.

1. Cross registration is limited to one course per quarter/semester at only one other institution, except where special arrangements are made between participating institutions.
2. Cross registration is accepted three weeks prior to the beginning of the quarter
3. If the student falls below full-time status during the quarter/semester of cross registration, enrollment is cancelled.
4. If the student drops the course before completion, he/she must notify both the host and home registrars and complete appropriate forms to avoid the recording of a failing grade.
5. Students from consortium institutions enrolling at the University of San Francisco (USF) and Golden Gate University are charged tuition, and must make payment at the time of registration.
6. Grades are reported from the host institution to the student's home institution registrar.

Conditions:

The following conditions must be met before a student may register for credit at a member institution and have the credit accepted toward graduation requirements:

1. the student is matriculated and currently enrolled full-time in a degree program.
2. the desired course is not offered at the home institution.
3. the student has the approval of his/her faculty advisor, has satisfied prerequisites, and is acceptable to the member institution, space available.

Procedures for the student:

1. obtain the signature of his/her faculty advisor and home institution registrar on the application
2. deliver the signed application to the host registrar, in accordance with the registration schedule at the host institution. The host registrar will sign and keep a copy of the application
3. pay required fees at the host institution
4. retain a copy of the application for your records
5. delivers a copy of the application to the home institution registrar
