"The UC Law San Francisco MSL program provided me the flexibility to tailor my classes to my goals so that I could learn what I needed to have the most value to my constituents.

Professors understood that my goal was not to become an attorney, and they were very helpful and accessible in helping me learn important legal concepts that I could immediately put to use in my professional work.

I have most enjoyed the exceptional professors I get to interact with and the amazing staff."

- **Melvin Davis, Ed.D., MBA, MSL**
