Dear Admitted Student,

Congratulations on earning admission to UC College of the Law, San Francisco. As a rising first year student, you have a unique opportunity to apply for the Tony Patiño Fellowship.

The Tony Patiño Fellowship is a **merit award** created to support law students who have demonstrated leadership ability and whose outstanding academic and personal histories show good moral character, ethical conduct, good citizenship, motivation and initiative. One of the factors in evaluating character is past participation in public service activities. For this purpose, public service is broadly construed to include any activity the primary object of which is to benefit others or the community as a whole.

The online application provides a secure form to submit all required information and additional documents (essay, resume and three letters of recommendation) to the Fellowship Selection Committee.

Upon graduation from law school, Fellows-Elect become Tony Patiño Fellows and **join a worldwide community** of 250 lawyer leaders of character and distinction.
