

Canvas experienced a nationwide outage this afternoon. Canvas access is down because of this nationwide outage. We do not yet know how long Canvas will be down. Updates are posted on this status page: <https://status.instructure.com>.

**What do I need to do?**

Faculty and students: Provost & Academic Dean Morris Ratner and Assistant Dean and Registrar Amy VanMullekom will send guidance shortly on the impact of this outage on grades and assignments, and they will share other resources as needed.
